*Newfoundland celebrating Marconi Centenary, ``Receiving the World`` spending \$3 million for the arts

*HRPC, Radio Luz y Vida, 90m in Honduras has a bit of English: recording by Mark Mohrmann of sign-off

*This is the 1,065th almost consecutive WOR broadcast; wghauser@hotmail.com or P O Box 1684, Enid, OK 73702 USA

*Our website has added schedule of selected DX programs on SW; and John Norfolk also has updated Nets To You; see <http://www.angelfire.com/ok/worldofradio/>

*Another rare Honduran, Radio Litoral, heard Xmas day and since

*Costa Rican mediumwave third harmonic heard in Ecuador, Japan: Radio Pampa, Nicoya

*La Voz de la Resistencia, Colombian clandestine heard morn and eve

*See DXLD 1-005 for excellent long article on Colombian clandestines

*R. La Voz de Anta, Peru, heard on 5 MHz out-of-band

*Brazilian DXers get lots of goodies from Radio Difusora Taubate'

*Rudolf Grimm DXed lots of Caribbean FM in southern Brazil by TE; see the report in DXLD 1-002

*R. Lusofonia is new service in Portuguese from South Africa

*Two of three African SW countries missing last week are back: Christian Voice, Zambia; Kaduna, Nigeria

*But Malawi is still missing from both known frequencies

- *Mauritania holding up on 60 meters almost until 0900; should be possible to hear all continents at the same time on 60m at 0830; see item at end of DXLD 1-003
- *National R. of Saharan ADR put out questionnaire for reception reports, clear frequencies; see DXLD 1-002. Still heard on a different frequency; language schedule
- *Radio Baydhabo (Baidoa), Somalia, pro-Rahanwein Resistance Army, heard on 6 MHz out of band
- *DTK relay schedule from Germany still shows Croatian Information Center; and in fact is about to resume with a new contract
- *Well-known Russian DXer Nikolay Pashkevich killed in auto accident; see eulogies in DXLD 1-004
- *Radio Radonezh, Russian Orthodox station, resumed SW on 6 MHz; see <http://www.radrad.ru>
- *Radio Jordan missing from its English frequency on 17 MHz
- *R. Sana'a, Yemen about to go 24 hours; English unchanged
- *V. of the Republic of Tajikistan's English quarter-hour DXed from Australia
- *All India Radio Kurseong reactivated after a year, including English
- *Burmese Defense Forces Station reactivated on 6 MHz out of band
- *Singapore's SW frequencies relay different FM stations depending on day of week; English rotation schedule as monitored
- *Taiwan quickly moved broadcast station out of 40m hamband
- *Continental Electronics selling 4 SW transmitters to China
- *China licences BBC to broadcast again in China, via cable TV
- *Papua New Guinea's proposed religious SW station, 'KBBN', is to be a feeder to FM network, inaudible to DXers; see DXLD 1-002
- *Propagation outlook from Boulder, Jan 10; flux range 175-200-170
- *That's World of Radio 1065; I'm Glenn Hauser ###
